## Abstract

5

6 Abstract (to be written)

7 *Keywords:* replication rate, experimental linguistics, ...

8 Word count: X

9                      Assessing replication rates in experimental linguistics

10                      **Introduction**

11                      **Overview analysis: Rate of replication mention**

12   **Research questions**

13   **Sample**

14   **Procedure**

15   **Data Analysis**

16   **Results**

17                      **Detailed analysis: Types and contributing factors**

18   **Research questions**

19   **Sample**

20   **Procedure**

21   **Data Analysis**

22   **Results**

23                      **Discussion**

24                      **Conclusion**
